ENGLISH ACCUSED OF INCITING RIOTS

Placards Posted Laying Blame On Great Britian.

ENGLISHMAN HURT BY COSSACKS

Serious Complications Taken Place In Regard to Russian Troubles—Relations Somewhat Strained Between the Two Powers.

St. Petersburg, Jan. 31—The posting of placards at Libau, signed by the governor of Courland, of a similar purport to those posted at Moscow charging Great Britain with responsibility for the disturbance in Russia, has called out another vigorous protest from the British ambassador, Sir Charles Hardinge, who has pointed out to Foreign Minister Lamsdorff that such proceedings must make a deplorable impression in Great Britain and cannot fail to seriously affect the friendly relations of the two countries.

The British military attache here, Major Napier, has been dispatched to Warsaw to inquire into the attack on Consul General Murray and the vice consul there.

New complications between Great Britain and Russia are feared on account of the attack on the British consul and vice consul at Warsaw Saturday night.

Coming on the heels of the placards posted by Assistant Police Chief Roudneff, accused the British of assisting the Revolutionists of Russia, the Warsaw incident may be the source of another outburst in Great Britain which may again strain relations between the two countries. Beyond the fact from the attack at Warsaw, resulting in the wounding of the British vice consul who is now in a hospital, the British embassy here has no details of the affair, but Sir Charles Hardinge, the British ambassador, has already delivered a note to Foreign Minister Lamsdorff, asking for an immediate investigation and explanation, reserving any claims which may be hereafter made and at the same time asking for protection of British consuls throughout the empire. By the first train he also dispatched Major Napier, the British military attache, to Warsaw, to secure a full report on the circumstances. Count Lamsdorff replied to Ambassador Hardinge's second note on the subject of the Moscow placards by saying that instructions had been sent to remove all all traces of the placards from the streets. It is now learned, however, that similar notices had been posted at Libau and Reval, which led to a renewal of representations on the score. In this connection the appearance of the proclamation of the Holy Synod instructing the Orthodox priests to inform their parishioners that the strike and revolutionary movements are promoted by the external as well as internal enemies of Russia, with the object of embarrassing the military and naval plans, has created somewhat of a flurry among foreigners here, especially the British, who believe that the object is to incite hostility. No further action has been taken by Ambassador Hardinge or the other foreign representatives.

Private advices from Warsaw say the authorities there have already taken over the charge of the waterworks, electric light and gas plants, and that serious trouble is anticipated.

English Vice Consul Injured.

London, Jan. 31.—The foreign office has received a telegram from Consul General Murray at Warsaw reporting that himself and Vice Consul Hohkahn were charged by Russian cavalry engaged in clearing the streets of Warsaw. It appears that Mr. Murray is partially deaf and probably did not hear the approach of the troopers, and when he subsequently endeavored to make known his personality it was without avail. The foreign office has telegraphed to Ambassador Hardinge to make urgent representations at St. Petersburg on the subject.

Operatives Return to Work.

St. Petersburg, Jan. 30.—12:38 p. m.—Most of the factories and mills of St. Petersburg are in operation today and the strike to all intents and purposes is ended. A few large establishments have not yet fully resumed operations, owing to the official formalities necessary in registering their thousands of employes. Some of the workment at the Putiloff works, where the strike originated, have asked for the celebration of a religious service by the metropolitan of St. Petersburg before resuming work "so as to remove the effect of the presence of the unfrocked priest and ex-communicated leader," Father Gopon. Some social-Democrats are protesting the arrests of Friday and Saturday on the ground that the action taken was "a violation of the implied promise contained in the proclamation of the authorities."

The manufacturers' association will meet this week to decide the question of paying the wages of the strikers for the time the latter were not at work, but as a number of the works have alerady paid their skilled laborers whose pay day was Jan. 28, half or full time, the rest of the employers will probably decide to pay their workmen at least part of their wages for the time they were on strike.

Quieter at Warsaw.

Warsaw, Russian Poland, Jan. 31.—The streets have been quieter since yesterday evening, but the strike continues in full swing. All places of business are closed. A proclamation has been issued declaring that the condition of the city requires additional protection measures, without differentiating between those who are forced out against their will and those who are precipitating the strike. The men, it is added, must return to work unconditionally.

COMMISSION HEARS TESTIMONY

Two Witnesses Examined in Regard to North Sea Incident.

commission inquiring into the North Sea incident at its session today heard

Paris, Jan. 31.—The International two Swedish witnesses, Captain Johnson and Mate Stromberg, of the cargo boat Aldebaran. They both testified that a few hours preciding the firing on the British trawlers by the Russian squadron, their boat was wrecked in the North sea by a strange warship, which fired many shots at the Aldebaran, but did not do her serious damage. The stranger then disappeared.

Counsel for Russia protested and this testimony was not directly connected with the North Sea incident, but Admiral Fournier, president of the commission, ruled that the testimony was admissable.

Hugh O'Beirne, the British agent, said the strange vessel was the Russian transport Kamtchatka, which mistook the Swedish craft for a torpedo boat. Mr. O'Beirne further declared the attack thereafter sent a wireless message to Vice Admiral Rojestvensky, notifying him that she had been attacked by a torpedo boat, and Rojestvensky thereupon ordered his squadron to be on the lookout for torpedo boats, which, Mr. O'Beirne asserted, caused the North sea incident.

A New Trial Denied.

New Orleans, Jan. 31.—The state supreme court today denied a new trial in the cases of Lewis W. Lyons, who murdered District Attorney J. Ward Gurley, and Sam Aspara, who murdered Antonio Lucciano. The former tragedy grew out of a civil case, which the district attorney handled for Lyons. The latter claimed to have been defrauded. His defense was that of insanity. The murder of Luciano was said to be the outgrowth of a Mafia plot. The tragedy followed a series of shooting affrays and murders.

Rescues Child from Fire.

St. Louis, Jan. 31.—James Bryan, operator of a telephone switchboard at the Four Courts, saved 12-year-old May Overby from being burned to death in her bed, at home, next door to where he lives. Ryan jumped from his bed, hastily donned his trousers and slippers and rushed into the burning house, where he found the child in a bed of flames.

PRESIDENT SENDS CONGRESS MESSAGE

Wants Statistics On Marriage and Divorce Published.

DECISIONS OF SUPREME COURT

They Decide that There Exists In This Country a Beef Trust—Colorado Election Case Before That Tribunal—Other Washington News.

Washington, Jan. 31.—The president sent a message to congress today calling attention to the fact that no statistics on marriage and divorce had been collected since 1886, and recommended legislation.

The following is the text of the message:

"To the senate and and house of representatives: I call the attention of congress to the fact that no statistics have been collected by the federal government on the subject of marriage and divorce since 1886, and that but few of the states have provided for these statistics. The institution of marriage is, of course, at the very foundation of our social organization, and all influences that affect that institution are of vital concern to the people of the whole country. There is a widespread conviction that the divorce laws are dangerously lax and indifferently administered in some of the states, resulting in a diminishing regard for the sanctity of the marriage relation.

"The hope is entertained that co-operation amongst the several states can be sucred to the end that there may be enacted, upon the subject of marriage and divorce. I deem the matter of sufficient general importance to recommend that the director of the census be authorized by appropriate legislation to collect and publish statistics pertaining to that subject securing the statistics from 1886 to the present time.

"Theodore Roosevelt."

Decision Against Packers.

Washington, Jan. 31.—The supreme court of the United States today decided the case of the United States versus Swift & Co., known as the beef trust, charging conspiracy among the packers to fix prices on fresh meats, etc. The opinion was handed down by Justice Holmes and affirmed the decision of the court below, which was against the packers.

In his opinion Justice Holmes discussed at length the various contentions of the packers and disposed of them individually. He admitted that some of the charges were less specific than desirable, but said this was necessarily true, on account of the vast extent of the field covered. He added that sufficient cause had been shown to prove continued offenses and an offense of such a nature to justify the proceeding. The opinion, continued the injunction granted against the packers under the Sherman anti-trust law by the lower courts. The opinion was concurred in by all the members of the court.

The supreme court of the United States today denied the application of Machen, Lorenza and Groff for a writ of certiorari in the case against them charging conspiracy to defraud the government in connection with the postoffice department irregularities. The effect is to leave standing the decision of the court of appeals of the District of Columbia finding them guilty as charged. Machen, Lorenzo and the Groffs were sentenced to two years in prison, and to pay a fine of $10,000 each.

The so-called Denver election fraud cases found their way into the supreme court of the United States today in the shape of a petition for a writ of habeas corpus which was presented by United States Senator Patterson. The cases covered by the petition are those of Peter Miller and Thomas Sheppgroon.

In the House.

Upon convening today the house agreed to conduct memorial services in respect to the late Senator Hoar, on Sunday, Feb. 12, at noon.

The conference report on the legislative, executive and judicial appropriation bill was called up by Mr. Littauer, of New York.

In the Senate.

When the senate convened today Mr. Platt (N. Y.) presented the certificate of election of his colleague, Mr. Depew.

A bill extending to the Philippines the provisions of the revised statutes concerning the extradition of fugitives from justice, was passed.

WAGON DRIVERS' STRIKE.

Nine Hundred Men Ask for Better Wages in Windy City.

Chicago, Jan 31.—Nine hundred lumber wagon drivers struck here today. Operations of firms comprising the Lumbermen's Association concerns that control the supply of lumber for building, the flooring mills and the sash, door and blind and box factory of the city, were affected.

One hundred firms are affected and they assert that they will stand together in opposing the demands of the drivers. The drivers affected belong to the Lumber, Box and Shavings Teamsters' local of the International Brotherhood of Teamsters.

Since last December they have been seeking an increase of wages for drivers of two-horse wagons from $13 to $14 a week. No increase is asked for single drivers, who have been getting $12. The employers would concede no advance.

Three Hurt in Wreck.

Portsmouth, O., Jan. 31—Westbound passenger train No. 21 on the Norfolk and Western "side swiped" a freight train at a siding just outside the city Sunday night, and Engineer Benjamin Anson, of the passenger train, was probably fatally injured and Arthur Ridenour, fireman of the passenger train, and Conductor Callahan, of the freight train, were severely hurt. The passenger engine and baggage car were overturned and Anson was caught beneath the engine. None of the passenger cars were overturned, but the occupants were severely shaken up.

Killed on Way From Wedding.

Chicago, Jan. 31.—After being stabbed to death early today the body of John Schrannan, 22 years old, was placed on a pool table in a billiard hall. According to the police Schranhan was attacked by two men while he was on his way to his home from a wedding. His assailants then carried his body into the billiard hall and left it there.

Girl Burned to Death.

Canton, Ga., Jan. 31.—Mary, the 5-year-old girl of Mr. and Mrs. W. L. Morris, at Holly Springs, was so horribly burned last week that she died 5 hours after the accident. She was playing with paper before an open fire, when her clothing caught and burned entirely off, there being only another smaller child, in the house at the time the accident occurred.

New Shooting Range.

Ringgold, Ga., Jan. 31.—The government is going to establish a shooting range about 4 miles east of Ringgold and adjacent to Catoosa Springs, which is now owned by General Baldwin. They have leased the lands belonging to Mrs. Fannie Harris, W. M. Fain and B. F. Harris, and will later make it permanent. This, it is thought, will greatly help this part of the country, as well as encourage the new electric railway which is now being surveyed from Rossville, Ga., via the National park to Ringgold and on to Catoosa Springs and other points.

11,000 Acres of Timber Sold.

Valdosta, Ga., Jan. 31.—The large milling interests of the Buffalo Yellow Pine company, at Haylow, Ga., have been sold to D. F. Aldrich, of New York, who will erect a large mill on the site of the one burned, nearly a year ago. The deal was made this week by J. D. Rounds, of the Buffalo company, and includes about 11,000 acres of timber. This leaves the latter company with only about 3,000 acres left in this section.

JAPANESE SOLDIERS AGAIN VICTORIOUS

Russians Try To Flank Enemy But Are Repulsed.

15,000 CASUALTIES REPORTED

Believed that General Kuropatkin Ordered Movement to Divert Attention from Domestic Conditions of Russia. Other Far East News.

General Oku's Headquarters, Jan. 29, 7 p.m., via Fusan.—(Delayed in Transmission.)—Two divisions of Japanese troops attacked Pehowski and drove four divisions of the Russians across the Hun river. Six hundred Russians were captured.

The Russians are making a stand across the river.

One Russian division made several attacks on Santanpu to the east, but was driven back with a loss of over 4,000 men.

Tokio, Jan. 30.—3 p.m.—The casualties during the fighting at Chenchie Pao and Heikoutai are estimated at 5,000 on the side of the Japanese and 10,000 on the Russian side.

Russian activity on the Shakhe river seemed to have ceased after the fights at Chenchiepao and Heikoupai, where the Japanese were victorious. The object of the operations is not clearly understood here, but it is suggested that the Russians either intended to turn the Japanese left and move a heavy force down west of the Liao river, or were seeking to divert attention from some projected operation against the Japanese right. It is reported that the weather is warmer since Jan. 25th, but it is still extremely sold, so that it is impossible to expose the troops at night.

The Tokio press expresses the opinion that General Kuropatkin either ordered the movement to divert attention from the domestic conditions in Russia or that he had planned to make a fight before Field Marshal Oyama, had been heavily reinforced. Manchurian army headquarters telegraphing yesterday says:

"There has been no great change in the direction of the right and center armies since the night of Jan. 28th, except constant collisions between reconnoitering parties. In the direction of the left army the enemy keeps up a slow but constant cannonade.

"The enemy's main body at Chenchiehpao, which is two miles west of Changtan and Subfangtai. At a point 10 miles northwest of Changtan the enemy left many dead."

The details of the fighting at Chenchiehpao and Heikoutai have not yet been reported.

Southerner Marries a Russian.

Nashville, Tenn., Jan. 31.—Today at Moscow, Russia, Maddin Summers, formerly of Nashville, but now connected with the United States diplomatic service abroad, was married to Mlle. Goraynoff, who is a member of a wealthy and prominent Russian family. Her grandmother was the Princess Galitzeff and her mother the Princess Goraynoff. She is considered one of the most beautiful girls in Russia. Mr. Sumers is a grandson of the late Dr. Sumers, one of the most eminent Southern Methodist divines and grand nephew of Senator Morgan, of Alabama.

Too Happy to Live.

Milwaukee, Jan. 31.—The dead body of a young woman, who came to the Blatz hotel ten days ago with a man who registered as "E. S. Terry and wife, Chicago," was found in the room. The woman had swallowed carbolic acid. Terry has disappeared. It is believed a double suicide had been planned and that the man lost his nerve. "We are too divinely happy to live. When you receive this letter we will be on the road to heaven." The foregoing is a letter received by Mrs. J. Parker, the mother of Mrs. Florence Terry. The Terrys were married ten days ago and were on their honeymoon.

SCHOOL TRUSTEES WIN BIG VICTORY

U. S. Court of Appeals Sustains Judgment of U. S. Court.

OVER $5,000 WAS INVOLVED

Suit Was Brought Against United States Fidelity and Guaranty Company, Bondsmen, for Non-Fulfilment of Contract on Gainesville School.

The United States Circuit Court of Appeals of New Orleans has recently rendered a decision which means a great deal for the Gainesville Graded and High School, enriching the treasury to the extent of more than five thousand dollars. In other words, the court at New Orleans has affirmed the decision of the United States Court for the Northern District in Florida, at Jacksonville, which was rendered in favor of W. W. Hampton, George W. Hyde and Jas. H. Vidal, as trustees for the Gainesville sub-school district.

The judgment was against the United States Fidelity and Guaranty Company, bondsmen for the contractor, for the non-fulfilment of contract in the construction of the Gainesville Graded and High School building. The amount involved was $4,115.20, being a deficit in the contract of R. P. Williams & Co. of Decatur, Ga. The case was brought in the circuit court of Alachua county, but upon motion of attorneys for the defendant, was transferred to the United States Court for the Northern District of Florida, where a verdict for the principal and costs, aggregating $5,180.28, was returned. The defendant then made appeal to the United States Court at New Orleans, with the result stated.

The original contract, so the board of trustees state, was $15,813.50. The deficit was the money advanced by the trustess to complete the building.

This suit was brought September 24, 1901, and has since been pending. W. W. Hampton of this city and D. U. Fletcher of Jacksonville represented the plaintiff.

CHUBB AT THE CAPITAL.

Washington Correspondent Dwells Upon His Visit to That City.

The Washington correspondent of The Times-Union, under date of January 30, says:

"Hon. H. S. Chubb, chairman of the Republican State Committee, was in Washington some days last week, and it was surmised that perhaps he had been summoned by the Republican leaders in defense of Judge Swayne and to substantiate the charge of Littlefield that the proceedings grew out of the intensity of partisan politics. But there was nothing in this rumor.

"The fact about the matter is that the Republican organization in Florida has not been appealed to to come to the rescue of Judge Swayne; and it would seem strange, too, that it has not been.

"The Senate investigation of the matter will, of course, be far more searching than that of the House, and no doubt many Florida witnesses will be called before the case is closed.

"But to revert to the visit of Mr. Chubb. He may have come to prepare the way for the entry of his faithful followers into the good things sealed into the party by the balloting in the ides of November, but Mr. Chubb didn't say so.

"What he said was that he came in behalf of the Board of Trade of Gainesville, to see the Florida members for an increased appropriation for the Gainesville public building. He called with Senato Davis upon the Assistant Secretary of the Treasury, where the needs of Gainesville were strongly presented, and where they were promised a favorable recommendation for an increase from $35,000—the original appropriation—to $80,000. If there is a public building bill at this session, Gainesville will be in it."

Col. Chubb, who returned to his duties here several days ago, has never been induced by The Sun to state exactly the nature of his visit to Washington; but being one of the Republican leaders of Florida, makes trips to Washington at frequent intervals, especially at this season. Col. Chubb, with other distinguished Republicans of Florida, will no doubt "be there" at the inauguration of the President.

WHY DOCTORS FAIL

AND MRS. PINKHAM SUCCEEDS

Plain Reasons Are Here Given to Explain Why Lydia E. Pinkham's Vegetable Compound Cures When Doctors Are Powerless

A woman is sick; some disease peculiar to her sex is fast developing in her system. She goes to her family physician and tells him a story, but not the whole story.

She holds something back, loses her head, becomes agitated, forgets what she wants to say, and finally conceals what she ought to have told, and thus completely mystifies the doctor.

Is it any wonder, therefore, that the doctors fail to cure the disease? Still we cannot blame the woman, for it is very embarrassing to detail some of the symptoms of her suffering, even to her family physician.

It was for this reason that years ago Mrs. Pinkham, at Lynn, Mass., determined to step in and help her sex. Having had considerable experience in treating female ills with her Vegetable Compound, she encouraged the women of America to write to her for advice in regard to their complaints, and being a woman, it was easy for her ailing sisters to pour into her ears every detail of their suffering.

In this way she was able to do for them what the physicians were unable to do, simply because she had the proper information to work upon, and from the little group of women who sought her advice years ago a great army of her fellow-beings are to-day constantly applying for advice and relief, and the fact that many thousands of them have been cured by following the advice of Mrs. Pinkham during the last year is indicative of the grand results which are produced by her unequaled experience and training.

No physician in the world has had such a training, or has such an amount of information at hand to assist in the treatment of all kinds of female ills, from the simplest local irritation to the most complicated womb diseases.

This, therefore, is the reason why Mrs. Pinkham, in her laboratory at Lynn, Mass., is able to do more for the ailing women of America than the family physician. Any woman, therefore, is responsible for her own suffering who will not take the trouble to write to Mrs. Pinkham for advice.

The testimonials which we are constantly publishing from grateful women establish beyond a doubt the power of Lydia E. Pinkham's Vegetable Compound to conquer female diseases.

THE W. C. T. U. FOUNTAIN.

Everything Has Arrived, and Fountain Will Soon be in Position.

The basement of the fountain to be erected by the Woman's Christian Temperance Union has arrived, and Tuesday C. D. Schafer, the marble cutter, was engaged in properly shaping up the huge piece of stone, which weighs nearly a thousand pounds.

The foundation is a flat slab of Bedford stone, which was shipped from Indiana. It is a simple-looking little slab, and the ordinary person would think that he could turn it over with little effort. It is very heavy, however, and would require the efforts of three or four ordinary men to budge it.

The fountain, or trough, has been here for some time, awaiting the arrival of the foundation. This is of bronze, and of very handsome effect. It will be a monument to the W. C. T. U. and a credit to the city.

Mr. Schafer is working upon the foundation, which will be laid as soon as completed. It is estimated that the fountain will be completed within the next two weeks. It will be located on the east side of the square.

Croup

Begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doeses of Ballard's Horehound Syrup, (the child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment to the throat.

Mrs. A. Vliet, New Castle, Colo., writes, March 19th, 1901: "I think Ballard's Horehound Syrup a wonderful remedy, and so pleasant." 25c, 50c and $1. Sold by W. M. Johnson.

German Cruiser Leaves Charleston.

Charleston, S. C., Jan. 31.—The German cruiser Moltke, which has been in port nearly two weeks, sailed Sunday morning and the officers, cadets and sailors on board will next set foot upon their native soil. The cruiser's men have been royally entertained while here, and all the boats in the harbor saluted with whistles and flags as the vessel steamed out of the harbor.

CONFESSES TO ROBBING MAIL.

Charles Gilbert Claims He Can Neither Read Nor Write.

Raleigh, N. C., Jan. 31.—Charles Gilbert, the mail carrier between the mountain towns of Burnsville and Ivy, who is in jail for robbing mail pouches, has made a full confession to Postoffice Inspector Reddy.

He first succeeded in getting some registered letters through a hole with a stone in a pouch, this time getting $2,230, all except $30 in checks. He did not know that the checks were useless, so far as he was concerned, so he buried them and the registered letters, pocketed the money and resigned as carrier. He then rode around that section looking at various farms, intending to buy one with the checks. Gilbert is young, says he cannot read or write and that he does not know a $1 from a $10 bill. He is now in jail at Burnsville.

Norfolk Has Conflagration.

Norfolk, Va., Jan. 31.—Almost a score of buildings were destroyed or seriously damaged by the fire which started in C. R. Nash's ice warehouse on Queen street, Portsmouth, early Sunday morning. The loss is placed in the neighborhood of $50,000. But for the heroic work of 250 United States marines, sent by Admiral Harrington, from the navy yard, with a yard fire engine, together with assistance rendered by Norfolk Engine company, the entire business section of the city would have been swept away. The fire started at half past 1 and was not controlled until 4 o'clock.

Dies at Age of 115.

Atlanta, Jan. 31.—After living 11 years, Caroline Woodward, a negro woman whose home was on Magnolia street, between Mangum and Elliott streets, died early Saturday morning. Up to about six months ago Caroline was able to move around in quite a lively fashion, and never a complaint was heard from her lips, but paralysis set in, and she was forced to take to her bed. Age had so destroyed her vitality and weakened her system that she was unable to overcome the attack of paralysis, and with four generations of her family around her she at last yielded to the call of death.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. Believe Fort is Insane.

Brunswick, Ga., Jan. 31.—It is generally thought in the city now that Fort, the young white contractor who has been on trial during the week under the charge of arson, is temporarily insane. The man stated that J. C. Strickland, a well known young white man, was the man who had burned the two houses last Monday night, and upon his statement Mr. Strickland was arrested and placed in jail.

Wearers of Cockades.

Cockades were formerly worn only by soldiers, which gave rise to the phrase, common both in England and France, "to mount the cockade," meaning to become a soldier. The black cockade worn on the hats of officers' servants was introduced into Britain by George I. from his German dominions. The real right to use it belongs not only to naval and military officers, but also to the holders of certain offices under the crown, such as privy councilors, cabinet ministers and judges, though many people who cannot claim to be classed under any of these categories display it on their servants' hats.—London Times.

BEARING DOWN PAINS

3647 Indiana Avenue.
CHICAGO, ILL., Sept. 27, 1902.

I have been a sufferer with almost every kind of female trouble for years, but as long as I could get around and do my work I would not try patent medicines as I had no faith in them.

About eight months ago I had to take to my bed, suffering with prolapsus of the uterus, with bearing down pains and intense pains in the back. My aunt, who came to nurse me told me of Wine of Cardui and sent for a bottle. I am indeed glad that she did, for that first bottle started me on the road to recovery. In a few weeks I was out of bed and in three months I was in better health and stronger than I had been in years. I take a dose now, occasionally, of Wine of Cardui and am kept in perfect health.

Mabel Cooke
Sec'y. Woodman's Circle No. 70.

Wine of Cardui brings certain relief to women suffering any symptom of female weakness and perfectly regulates the menstrual flow. Wine of Cardui stops bearing down pains by permanently relieving the irritation which weakens the ligaments holding the womb in place. You need not suffer every month if you take this medicine. The periodical discharge will be painless and healthy without continual weakening drains. Wine of Cardui will make your health right and you may treat yourself privately in your own home. Secure a $1.00 bottle of Wine of Cardui from your druggist today.

THE PARK THEATRE COMPANY.

Presented "Moth and The Flame" to Appreciative Audience.

The Park Theatre Company, the theatre under canvas, appeared last night to a good audience, presenting that stirring and exciting drama, "Moth and the Flame." This company opened its engagement here Monday night, presenting "The Fatal Wedding" to a well-filled house, all of whom were delighted with the work of the artists. The talent is first-class, and it may be said with impunity that there is not a "stick" in the entire caste. Every performer knows his or her duty and performs it well.

This afternoon the company will present, by special request, the great comedy-drama, "The Fatal Wedding," which gave such general satisfaction at the first appearance. Doors will be open at 2:30 p. m., the performance to commence at 3 o'clock, sharp. Matinee prices 15 and 25 cents.

At night will be presented David Belasco's famous production, "Under Two Flags," with the full strength of the caste. This play is the one in which Blanch Bates created such a furor in New York. The electrical and mechanical effects are very fine, and the production of a real sand storm is one of the thrilling incidents of the play.

Center Notes.

Center, January 31.—Mrs. Ola Beckham of Rochelle is here on a visit to Mr. Beckham's parents, Mr. and Mrs. L. R. Joyner.

Mrs. John Townsend returned Sunday from a visit of several days at McIntosh.

M. N. Baker of Campville has moved to this place.

A majority of the farmers of this section expect to plant heavily in vegetables the coming spring. J. F. Townsend is preparing for a large crop of Irish potatoes. A few declare they are going to stick to the staple crop—cotton and corn.

Enjoyed Their Stay.

A letter to The Sun from Mrs. S. V. Duke, White Springs, instructs the changing of her address to Lake City. Mr. and Mrs. Duke and Miss Brown have been at the Springs for several days. Mrs. Duke writes that they have been having a nice time, and that the village is crowded with strangers who are there for the excellent bathing in the sulphur spring, which contains wonderful medical virtues.

Health

Means the ability to do a good day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without it's upsetting the liver and polluting the blood. Such a condition may be best and quickest obtained by Herbine, the best liver regulator that the world has ever known. Mrs. D. W. Smith writes, April 3, 1902: "I use Herbine, and find it the best medicine for constipation and regulating the liver I ever used." Price 50 cents. Sold by W. M. Johnson.

FLESH BUILDER

The liver of the cod fish produces oil that is a wonderful flesh builder. No fat or oil can compare with it in that respect. To get the best out of it, it must be emulsified and made like cream. In Scott's Emulsion it is prepared in the best possible form to produce the best possible results. Thirty years have proven this.

We'll send you a sample free.

NEWS OF CITY AND COUNTY CONDENSED

T. W. Brown has returned from Lake City, where for the past ten days he has been on business. Mr. Brown states that the orange trees as far north as Lake City suffered no material damage from the recent cold snap. Only the young trees, if any, will shed their leaves, and as a result the growers are happy.

H. C. Conner of Macon, Ga., secretary of the Georgia Industrial Home for Orphans, was in the city yesterday. He came for the purpose of making an engagement for the Boys' Band of the Home, who are now touring the State. The band comprises nineteen pieces, the performers ranging in age from seven to seventeen, and, judging from the press notices, they compose one of best musical aggregations in Georgia. It was intended to appear here on the 8th inst., but after ascertaining that the Bible Conference would be on at that time, and not desiring to interfere with this function, Mr. Conner decided to make the date at High Springs. It may be possible that the band will return here for the Chautauqua, as Dr. Clarence B. Strouse is now negotiating for its services.

CURED OF BRONCHITIS

Letter From Prominent Milwaukee Man Published by Request Of Our Local Druggist, W. M. Johnson.

To the Editor of The Sun:

For the benfit of the people in Gainesville suffering from hard colds, hacking coughs, bronchitis, throat troubles or weak lungs, I wish you would publish the following letter:

"Dear Sir: For two months I suffered with a hard cold and hacking cough, which settled into bronchitis

W. H. O'KEEFE.

and sore lungs. I was nearly worn out, had tried all kinds of medicine, when Vinol was recommended. I have never tasted cod liver oil in so delicious a form, and what is better it quickly eased the soreness in my lungs, cured bronchitis and cough and made me well and strong. I enjoyed taking every dose." W. H. O'Keefe, Milwaukee, Wis.

We guarantee that Vinol will cure all such troubles, or we will give back the money paid for it. The above letter is published simply to add additional proof.

Physicians everywhere indorse Vinol. A prominent physician writes: "Vinol is the most valuable preparation of cod liver oil known to medicine; it is of untold value to create strength and build up the general system for old people, weak women and children; and it has no equal for hard colds, bronchial and all lung affections."

We ask the people of Gainesville to try Vinol on our guarantee that if it does not help them they can come back and get their money. W. M. Johnson, druggist.

DEATH OF MRS. ORMAND.

Aged and Highly Respected Lady Passed Away Tuesday Afternoon.

Mrs. Nancy Ormand, mother of Mrs. W. D. Dickinson, died at the home of her daughter, 500 South University street, at 2 o'clock Tuesday afternoon, in the eighty-second year of her age.

Death resulted from paralysis. Mrs. Ormand had been afflicted for some time, and, while not unexpected, her demise was received with sorrow by her numerous friends and relatives, many of whom were about the bedside at the fatal hour.

Deceased was born in Mecklenburg county, North Carolina, but has been a resident of the vicinity of Windsor since 1854, where she reared an industrious family. She was a member of the Methodist church, and an earnest and consistent Christian. She is survived by a daughter, Mrs. W. D. Dickinson, and a son, M. H. Ormand of Tampa, and several grand-children.

The funeral will be held from Providence church, Windsor, at 12 o'clock Thusday, Rev. M. T. Bell of Reddick officiating. Mr. Bell is an old friend of the deceased.

Friends of the family extend sympathy in this hour of bereavement.

DESCRIPTION WAS WRONG.

Hon. Chas. Hodge Says Somebody Took Undue Liberties in His Case.

Hon. Chas. Hodge of Alachua, candidate for the Legislature in the last campaign, who had the misfortune to become a victim of a recent robbery near Alachua, when a colored man assaulted him and took from his person $4 60 and a rubber stamp, was in the city Monday. The Sun contained an account of this, and a few days later a description said to have been furnished by Mr. Hodge of the man who performed the rash act.

Mr. Hodge states that this description was incorrect, as he never had time to make the minute observations. The party giving the description was entirely wrong, and was not authorized to do so. The accurate description, as far as Mr. Hodge could get it under the circumstances, was: Negro, very black; about five and one-half feet high; weight about 160 pounds; had on striped overalls, slightly worn in the seat, as was observed while he was running. The man wore cuff buttons shape of a smoothing-iron, which appeared to be gold.

Will Extend Railroad.

A. W. Taylor, the surveyor, left Sunday for the West End, where he has been employed to make survey for an extension of four miles of railroad for the Dutton Phosphate Company. The business of this company has been extended because of the opening of new mines, which are said to be very rich in deposits. It will prove of great financial and commercial benefit to that section.

Doubtful Economy.

"Of course," he said, "I appreciate the motive that actuates you in your efforts to get along without a girl, but"—

"Well?" she said inquiringly as he paused.

"Taking everything into consideration," he went on, "is it true economy?"

"Isn't it?" she demanded.

"Well, I hardly feel competent to pass judgment on the question," he replied. "I have just received our family physician's bill for the treatment of those three cases of acute dyspepsia that developed in the family during the last month. Now, perhaps"—

But she was just as mad as if he hadn't tried to break it to her gently.—New York Press.

Itch—Ringworm.

E. T. Lucas, Wingo, Ky., writes, April 25th, 1902: "For 10 to 12 years I had been afflicted with a malady known as the 'itch.' The itching was most unbearable. I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me permanently. Since then I have used the liniment on two separate occasions for ringworm and it cured completely. 25c, 50c and $1 bottle. Sold by W. M. Johnson.

NOTICE.

To whom it may concern:

Take notice that on Friday, the 10th day of February, A. D. 1905, at eleven o'clock a. m. of that day, at the door of the court house of Alachua county, Florida, in Gainesville, Florida, I will sell at public auction to the highest bidder for cash, the following bonds made and issued by the American Oil and Chemical Company, a corporation organized and doing business under the laws of the State of Florida, with its plant, machinery, etc., at Gainesville, Florida, to-wit: 20 bonds of $1,000 each, dated April 1, 1903, and payable on April 1, 1913, with interest payable semi-annually on first days of April and October of each and every year at 6 per cent per annum, the said bonds being held by me as collateral security for the payment of indebtedness due me by the said American Oil and Chemical Company.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. List of Text Books for Coming Examination Announced.

ARE THE SAME AS LAST YEARR.

Information Prepared by County Superintendent Kelley for Benefit of Those Desiring to Acquaint Themselves in Ample Time.

Dr. J. L. Kelley, county superintendent of public instruction for Alachua county, has received instruction from State Superintendent W. M. Holloway which will prove of valuable information to those intending to enter the June examination for positions as teachers.

Superintendent Holloway states that there will be no changes in the books used in the last examination. The following is a complete list of books to be used, together with the price and place where they may be obtained:

Orthography—Reed's Word Lessons (25 cents), by Maynard, Merrill & Co., New York.

Reading—Any standard author will answer.

Composition—Butler's School English (75 cents), by American Book Co., New York or Atlanta.

Arithmetic—Milne's Standard (65 cents), by American Book Co.

English Grammar—Metcalf's (60 cents), by American Book Co.

United States History—Field's Grammar School ($1), by American Book Co.

Florida History—Green's or Fairbanks')$1.25), by H. & W. B. Drew Co., Jacksonville, Fla.

Geography—Redway's Natural Advanced ($1.25), by American Book Co.

Physiology—Coleman's Elements (90 cents), by McMillan Co., Atlanta, Ga.

Civil Government in Florida—Yocum's (50 cents), by E. O. Painter & Co., DeLand, Fla.

Algebra—White's School ($1), by American Book Co.

Physical Geography—Tarrs New ($1), by McMillan Co., Atlanta, Ga.

Theory and Practice—McMurry's, the Method of the Recitation (90 cents), by McMillan Co., Atlanta, Ga.

These books may be had of most book dealers in the State, or from the publishers on receipt of price.

Dr. Kelley requests The Sun to publish the above for general information, so that all who desire may be informed of the books that will form the basis of examination.

The Requirements.

The law requires that third-grade certificates shall be issued to any eligible applicant who in the uniform examination in orthography, reading, arithmetic, English grammar, United States history, geography, physiology, theory and practice of teaching and composition shall have made a grade in no branch below 40 per cent, and an average grade of 60 per cent in all the above branches. A third grade certificate shall be valid for two years from date of issue.

A second grade certificate is issued to all applicants who comply with the requirements for a third grade certificate and in civil government, algebra and physical geography, and who shall have made a grade in no branch below 60 per cent, and an average grade of 80 per cent in all the aforesaid branches. A first grade certificate is good for five years from the date of issue.

Dr. Kelley will be pleased to furnish any further desired information.

Jap Wins American Bride.

Cincinnati, Jan. 31.—A member of a Japanese family of royal blood, Wichero Handa, 24 years old, was issued a marriage license to wed Mary Hurst, of No. 414 Central avenue. Handa is a handsome Jap, and before coming to this city had charge of an exhibit at the St. Louis World's fair. There he met his future wife, and amid the strains from hurdy-gurdies and the hoarse cries of the barkers, he wooed and won her.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. President C. T. Beckwith , of the defunct Citizens' National bank, of Oberlin, O., is reported to be in a very serious condition. Beckwith has been ill with heart trouble ever since the closing of the bank, and has gradually grown weaker.

Evan Thomas, former president of the New York Produce exchange, was killed by falling from a fourth floor window of his apartment in West Ninth street. It is supposed that he had a sudden attack of vertigo as he had complained of heart disease.

Secretary of State Hay has received a cablegram from Consul General Gudger at Panama saying that with the exception of Paymaster Sackett, all the yellow fever cases on the United States cruiser Boston were much better, and that there have been no new cases.

When the Austrian steamer Auguste from Trieste and Bermuda to New York passed Navesink Highlands inward bound just after noon today flames could be seen under the steamer's bridge and she appeared to be on fire. The steamer displayed no signals, however.

Commander Niles, commanding the United States ship Boston at Panama, has notified the navy department that Assistant Surgeon Otto Kohlhass, one of the officers of that ship recently stricken with yellow fever, died suddenly yesterday. Surgeon Kohlhass was from South Dakota.

Consul General Gowdy, of Paris, has been informed by the authorities that a stranger recently run over and killed on the Place du La Concorde, has been identified as Former Chief Justice Kelley, of the international court of appeals of Cairo, Egypt, who recently had been residing in London.

Phillip McIntyre, a lawyer whose home is in the City of Mexico, was arrested in New York upon arrival of the steamer Monterey from Vera Cruz, charged with presenting a forged draft for $800 on the Mexican National bank. The arrest was made upon complaint of the Mexican bank officials.

J. N. H. Patrick, a Nebraska pioneer, is dead, aged 70 years. Mr. Patrick raised the first Nebraska regiment at the outbreak of the civil war, throughout which he served, attaining the rank of colonel. He was for several years a government director of the Union Pacific. He had amassed considerable wealth.

In view of the alarming rumors in some quarters that a revolutionary movement is feared, Colonel Fraga, chief of police, has, according to a dispatch from Buenos Ayres, Argentina, declared the rumor to be absolutely without foundation. There is not the slightest reason, he says, to fear disturbances of any kind.

BIG SNOW AT KNOXVILLE.

Heaviest Fall Since 1898; Heavy Rise in Streams Expected.

Knoxville, Tenn., Jan. 31.—The heaviest snowfall since 1898 covers the ground here today. Snow began falling yesterday afternoon about 2 o'clock and continued far into the night, reaching a depth of three and one-half inches.

Many telegraph, telephone, light and trolley wires are down, impeding communication, street railway traffic and industries dependent upon electrical power.

Only one telegraph line out of Knoxville was intact for several hours this morning, this being the Associated Press wire.

A heavy rise in streams is expected to follow this snow, which is just beginning to melt.

Atlanta Man Arrested in Florida.

Jacksonville, Fla., Jan. 31.—Albert Schein, a young man from Atlanta, Ga., who has been in Jacksonville since December, was placed under arrest last night by the county authorities on a charge alleging the grand larceny of clothing from his brother-in-law, Charles Bono, of 315 West Bay street. Schein is connected in the case of E. O. F. White, a young man who was arrested a few days ago. Both were clerking for Bono.

Minister Swallows Steel Drill.

Louisville, Jan. 31.—A prominent Louisville minister while in a dentist's chair recently, swallowed a steel drill 1½ inches long, which became loosened from the holder. The reverend gentleman has been subjected three times unsuccessfully to the X-ray. The name of the minister is withheld at his request upon the ground that publicity would bring him into unpleasant notoriety and operate to his disadvantage in the pulpit by directing the attention of his hearers from what he was saying to thoughts of the accident.

Street Car Service Impeded.

New York, Jan. 31.—Service on many street cars operated by underground trolley suspended because of last week's great storm, have not yet been reopened although thousands of men have been at work clearing the tracks. The chief trouble has been found in cleaning out the conduits. One of the most important lines still blocked is that on Eighth avenue pasing along the western border of Central park. No cars are running north of Fifty-eighth street, and it is expected the line will be out of service for some days to come.

Poisons in Food.

Perhaps you don't realize that many pain poisons originate in your food, but some day you may feel a twinge of dyspepsia that will convince you. Dr. King's New Life Pills are guaranteed to cure all sickness due to poisons of undigested food—or money back. 25c at all drug stores. Try them.

A LEPAGE PICTURE.

The Work That Brought the Artist Public Recognition.

The label on a certain spring water still in use was designated by Du Maurier, who was probably not overpaid for it, and a New York artist who has since gained distinction eked out the hardest part of his early struggles by designing advertisements for a commercial house. There have been many more perhaps, but the most conspicuous on record is Bastien Lepage, who through this very fact was forced into fame. He was pursued by unmerciful disaster through his youth in his efforts to study art. His mother worked in the fields to keep a sickly boy at school. At fifteen he went alone to Paris, starved for seven years, painted without success, but still—painted. He had just finished a picture to send to the Salon when Paris was besieged, and he rushed with his comrades to the trenches.

On the first day a shell fell into his studio and destroyed his picture, and another shell burst at his feet, wounding him. He was carried home and lay ill and idle for two years. Then he returned to Paris and, reduced to absolute want, painted cheap fans for a living.

One day a manufacturer of some patent medicine ordered a picture from him to illustrate its virtues. Lepage, who was always sincere, gave his best work to this advertisement. He painted a landscape in the April sunlight. The leaves of tender green quivered in the breeze. A group of beautiful young girls gathered around a fountain from which the elixir of youth sprang in a bubbling stream. Lepage believed there was real merit in it.

"Let me offer it at the Salon?" he asked his patron.

The manufacturer was delighted. "But first paint a rainbow arching over the fountain," he said, "with the name of my medicine upon it."

Lepage refused.

"Then I will not pay you a sou for the picture."

The price of this picture meant bread for months, and the painter had long needed bread. The chance of admission to the salon was small. He hesitated. Then he silenced his hunger and carried the canvas to the salon. It was admitted.

Its great success insured Lepage public recognition, and his later work gained him a place among the greatest of living artists.

PROVERBS OF MEXICO.

The noise is more than the powder—the Mexican way of saying it is "hot air."

When it rains, we all get wet—the Mexican way of saying, "Misfortunes never come singly."

The devil is not astute because he is the devil, but because he is old—used to express the value of experience.

When bread is cut, crumbs are left, expressing the fact that we all have a share in our neighbors' good fortune.

After the child is drowned, cover up the well—the Mexican way of saying, "After the horse is stolen, lock the stable."

It is better to go around than to fall down, expressing the fact that it is often better to avoid a difficulty than to try to overcome it.—Chicago Journal.

A TEST OF NERVE.

One of the Ways In Which Indians Duel to the Death.

Among the Indian tribes the method of fighting duels differs. There are some tribes where a challenge to a duel means inevitably that both men must die. When an Indian feels aggrieved he demands a combat. The day for the same is fixed far in advance and is made the occasion of a little celebration. The entire tribe assembles. The braves sit in a circle, behind them their squaws and the young bucks.

The offended man is armed with a rifle or a shotgun. The challenged principal is unarmed. At a word both men arise and face each other, the unarmed man baring his breast to the bullet of his adversary. With eyes riveted on the little round hole at the end of the barrel pointed at him, the doomed man must face the protracted ordeal of expecting death at any instant without the least sign of weakening. The executioner may hold his gun as long as he pleases in order to try to break down his enemy. He may raise it and lower it or hold it steadily on the man under the frightful strain, but not even with an eyelid must the unfortunate betray his anxiety. At last the gun cracks, and the bullet speeds its way and the victim lies dying. The slayer hands the weapon to relative or a friend of the deceased and is put through the same ordeal.

BUILDINGS IN MINIATURE.

Architects Often Make Clay Models of Important Structures.

Although the architect is still the most important person in the planning of any big public or private building, he often depends on the model maker and not the draftsman to show his patron just how the structure will look when completed. The model maker, in other words, takes the architect's drawings and makes an exact counterpart of the building on a small scale in clay.

When a theater is to be constructed, for example, such a model is made with the greatest minuteness, and every detail is looked at from the point of view of the stage, thus avoiding the possibility that when it is too late some of the seats will be found quite out of range of the performance. In other buildings architectural details that appear excellent on paper are thus sometimes discovered to be inharmonious with the character of the structure as a whole and can be changed before the actual process of their construction has started. By the use of models, in fact, nothing is left to chance and everybody can express his objections before the work is too far advanced to make the necessary changes seriously expensive.

Grave Trouble Foreseen.

It needs but little foresight to tell that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women." Sold under guarantee by all druggists at 50c a bottle.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: Having tried different doctors and their remedies for several years for back and kidney troubles, I found nothing successful until taking The Texas Wonder, Hall's Great Discovery, and being rapidly cured, the old saying with railroad men is "God bless the man who invented the Pullman sleeping car," but I say "God bless the inventor of Hall's Texas Wonder." Yours truly, W. B. Clark, M. & O. R. R. Co., Mobile, Ala.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

This Week

A GREAT SALE

....OF....

REMNANTS.

Ladies, this will be a great opportunity for you to pick and choose among a lot of real genuine bargains in Wool Goods. We have gone over our stock carefully and selected every short piece of goods and piled them on

CENTER TABLE,

where they will be sold regardless of former prices. The Remnants will be large enough for Waists, Ladies' Skirts and Children's Dresses. Now is your time to buy. LADIES' WAISTS AT HALF PRICE.

MRS. R. WILSON.

Tax Assessor W. W. Colson has returned to the East End, where he is engaged in meeting the property owners for the purpose of assesing valuations. Mr. Colson has been engaged in that territory for the past few days, but came home to spend Sunday with his family.

G. L. Thompson, manager of the Gainesville Sewing Machine Company, made a business trip to Arredondo yesterday. Mr. Thompson is a clever fellow, and is said to be one of the finest sewing machine salesmen in the country. He knows every point about a machine, which gives him an advantage, with the result that he is always enabled to point out the good traits of a New Home or a White.

Col. Fred Cubberly of Cedar Key, collector of customs for the ports of Cedar Key and Port Inglis, was in the city yesterday. Col. Cubberly reports the usual number of vessels loading phosphate at Port Inglis. A large steamer is expected daily with a large cargo of coal. The American Fertilizer Company are now erecting immense acid chambers, and will ship abroad the super-phosphate instead of the crude rock.

Mr. and Mrs. Geo. A. Floding of Huntington, W. Va., who have been guests at the Odd Fellows' Home for two weeks, received a telegram announcing the serious illness of their son. Mrs. Floding left on the morning train for her home, Mr. Floding deciding not to undertake the journey on account of the severe weather at their home and his delicate health. Both have the sympathy of all at the Home in their affliction.
